RELEVANT EXPERIENCE

Senior Show Lighting Designer

Walt Disney Imagineering

02/2019-12/2020

- Set up lighting department's Revit project files for multiple attractions, linking all relevant models, importing all standard families, & 360 Glueing.
- Set up views & sheets, including sections, details, notes, & schedules.
- Utilized & edited standard departmental families, & created new ones as needed.
- Utilized shared project & departmental parameters.
- Created schedules for use in drawing sets & for exporting lighting data to other programs.
- Coordinated with other disciplines, including electrical engineering, interior design, & HVAC, through worksets, Bluebeam & Navisworks.
- Packaged & delivered drawing sets.
- Taught Revit skills & departmental standards to other Show Lighting team members.
- Strict IP protection & confidentiality.

Lighting Designer / Production Specialist

Visual Terrain, Inc.

05/2014-02/2019

- Translated 2D plans, sketches, & notes into 3D models.
- Edited lighting fixture families & parameters as needed.
- Set up views & sheets, including sections, details, notes, & schedules.
- Downloaded backgrounds from FTP sources.
- Packaged & delivered drawing sets.
- Taught Revit skills & standards to other team members.
